

The Eucharist is the source and summit of Christian life. It is a great celebration that involves the communicant, the family, and the participation of the entire church. First Communion is traditionally celebrated each spring.

Each year, we will celebrate First Holy Communion during our regular Sunday Masses for children who are in the second grade, are at least seven years old, who have been baptized, and who regularly attend Mass. Also, children should be able to understand and be able to receive the Body of Christ with faith and devotion.

Please contact your parish Coordinator of Religious Education for more information about 1st Holy Communion.
