Old Business:

- No old business to discuss

New Business:

- Council members discussed and decided to move term length to 3 years from 2 years. 3 year terms will align with the term lengths of other parishes.
- Voted for new offices as President, Vice President, and Secretary for 2023.
 - President: Kylie Moeller
 - Vice President: Karen Homan
 - Secretary: Kelli Thobe
- Newly voted council members and offices will be filled with the following plan:
 - An incoming/new council member will fulfill the Secretary role
 - A second year member will fulfill the Vice President role and will transition into President during their third year
 - To be President, you must first fulfill the role of Vice President

- Review and update new members on landscaping project and how to maintain. Kylie Moeller seeked out bids from 3 local landscaping businesses: Pleiman Landscaping, Uhlenhake Landscaping, and Gehrets Nursery. Each business provided a quote and sketch to review.
 - Kylie Moeller was absent from tonight's meeting but will need to schedule a meeting and be present to provide an overview of each option and quote. (This is scheduled for Sunday, January 15 at 10:00 at Precious Blood Church)
 - At this meeting, a decision will also need to be made and communicated with Virgil Schmidt and his Geranium plants that he would like to plant in the landscaping.
- Maintenance Position remains unfilled and no interest from the surrounding community.
 - At this time, Don Arling, Greg Bruns, Trevor Wynn, and Rock Roekner will create a rotating schedule to meet the maintenance needs until a more permanent option is in place. This volunteer rotation schedule will begin no later than March 1, 2023.
- Paving of the new parking lot was discussed. Bids for both cement and asphalt have been sought out. There was a consensus on asphalt, however, the council members would like the landscaping to focus on the landscaping before proceeding.
- NKTelco supplied a quote for Internet and Phone service. Internet is needed for the live stream and religion classes, the phone service is needed for the elevator. Precious Blood Church currently uses Spectrum for these services. The council agreed that for the little savings, it is not worth switching Internet/Phone providers.
